Class Descriptions and Qualifications:

Agility 101: The beginning of the fun - we'll teach your dog to jump through hoops, literally! You'll get an introduction to the wonderful world of dog agility. Obstacles plus foundation for future agility classes are taught.

Agility 201: Part 2 of Introduction to Agility. This continues where Agility 101 left off, rounding out the introduction to obstacles and finishing the foundation work. Must have taken Agility 101, or permission of instructor/AgileDogs.

Agility Handling: Which cross when, and what do you mean by front cross?? We will teach you what all the crosses mean and how/when to use them. Any level dog welcome, must have completed Beyond Beginners or approval of instructor.

Beyond Beginners Agility: Must have taken and passed Agility 201 class. Students will work to full height on equipment; plus sequencing & jumping skills, and basic handling.

Intermediate Agility: Approval of Instructor; must be comfortable on all contacts (see saw can be at a lower height) and have made progress on weave poles training. Weave poles worked to independence and see-saw to full height; plus crosses and other handling moves, obstacle discrimination and contact proofing, and course analyzing skills.

Novice Competition Agility: Currently competing in any venue(s) at least at the novice level. Must be able to perform all obstacles at full height, and perform 6 weave poles.

Advanced Competition Agility: Currently competing in any venue(s) at the Masters/Excellent level.

Jumping Foundations: Linda Mecklenberg's famous jumping program from the ground up; whether your dog is a beginner or retraining or refining skills, it works equally well. Any level dog welcome! This is part 1 of a 2-part series.

APHS Advanced Jumping & Handling: Linda Mecklenberg's famous jumping program continued! Learn complex presentations of single and multiple jump sequences as well as learning the proper cues and cue combinations to use in every handling situation.

Backyard Dogs / Alphabet Drills: We will use exercises from Clean Run Magazine, each week a different theme! For any level dog intermediate level or above.

Building Distance in Agility: This class is for those of you who are looking to either train from scratch or expand on existing distance skills for games such as USDAA and ASCA Gamblers, CPE Jackpot, and AKC FAST. It's also useful for standard courses to give you more options for handling your dog. Dogs should be proficient on equipment, Intermediate level or above.

Agility Games: Do you want to play some of the fun games you hear about? Bored with numbered courses? We will go over a different game each week, first teaching you how to play, then helping you to succeed at it.

Weaves Skills: This class is to help your dog be more proficient at weave poles. Class will cover both retraining dogs to have faster and more reliable weave performance, and training beginner dogs from the ground up.

Introduction to Rally Obedience: For dogs who have not taken obedience classes or competed in rally obedience.
Intermediate Rally Obedience: For dogs who have taken classes or competed in obedience or Rally Obedience.

Intro to Scent Work Welcome to this newest dog sport! It's exciting to watch dogs use their natural talents (their noses!) to sniff out odors. We start with treats and all positive training in this class; for dogs who have not taken a scent work class before.
Beyond Beginners Scent Work: For dogs coming out of Intro to Scent Work, or permission of instructor. It's the next step, in this class we start pairing odors with treats and work on the owner's handling skills as well as building confident, independent dog searchers.
Intermediate Scent Work: For dogs that are competing or getting ready to compete. We work different types of searches and building dog's confidence plus build on handling skills.
Advanced Scent Work: For dogs that are competing in upper levels. We work more complicated, multiple hides, including elevated, inaccessible, and other odor puzzles.

Tricks 101: For any dog, any age, at least 1 year old preferred; dogs should be able to sit, down, and be focused on handler in a group setting. You will learn how to teach your dog specific tricks targeted towards AKC Trick Dog titles.

Canine Good Citizen (CGC) - an AKC program to show that your dog is a good citizen in society. Any dog, purebred or mixed breed, can take the test and get the title. This 5 week program includes the test fee (given in week 6), takes you through the exercises that will be on the test, building on the skills needed each week to give you the best chance possible to pass!

Puppy Class - For puppies 9 months and younger. We will teach some basic manners (sit, down, come, focus), to prepare for future obedience and rally obedience classes. We will also introduce some on the flat handling and flat obstacles (tunnel, ladder, boards) to prepare them for agility. We will play boxes games with treats to introduce them to the wonderful world of scent work. Also, there will be socialization!
